

Kathy Warner

All Saints Parish

Corning, NY

September 20, 2012

Statewide Roofing has worked for our parish on several occasions repairing slate roofs on two of our churches. Don Dennis and his staff always deliver a high level of quality workmanship and service. Don calls and checks with us each year to ensure that we are not having any problems with the work he has done and if we have any other needs. Statewide Roofing is “top-notch” and I would highly recommend their services. They stand by their work and always deliver!
