Re: Letter of Endorsement

Dear Don,

Over the past seventeen years, I have restored and maintained my 6,000 sf home in Fayetteville. From the beginning, I have relied on Statewide Roofing to take care of the complexities of a 75 year old slate roof with copper gutters.

Your work is impeccable! You respond immediately and, unlike many contractors, you arrive when scheduled. Your crew is extremely professional and the condition of the job site is always as good as when they arrived.

Statewide Roofing is the best contractor I have ever used. It is a pleasure to endorse your company.

Sincerely,
